Councillors Thorne and Slaney requested this special meeting to discuss the old council building land.

Councillor Pike declared conflict at 11:01am and moved to the public gallery due to family connection.

Mayor Kearney informed council that land work for the heritage park has been halted as of now. The recreation group will now be asking for at least 3 quotes from contractors.

For this year of 2024 the recreation group intent is to fix up the ground over on the land.

Councillor Thorne mentioned she is concerned for the town if an easement/right away is required to be given to land that is landlocked and legal ramifications.

Mayor Kearney said they need to see drawings for water infrastructure if the land is to be developed.

Councillor Slaney mentioned that there was a price quote submitted for around \$30,000 to fix the fire department building.
