Town clerk informed council that the maintenance list has been getting done. Also municipal affairs said that a new clerk had to be appointed this meeting in order for the town to run properly. Council discussed that Lawrence Whalen had sent in an email stating that the project for the new water system had gone over budget by \$300,000. Council is looking at areas in the budget where they can possibly cut cost and will be contacting MHA Pike to see if any help can be provided to get this project happening on schedule.

Maintenance update

Both maintenance workers attended the meeting to discuss with council what projects were still outstanding and what has been accomplished to date. The council wanted to let both workers know how much their hard work was appreciated and that they are both doing a great job. After a heavy rain fall the roads are fixed within a couple hours and residents are complimenting on how they like the quick response.
