Councillor Strang asked for a timeline of when the Capital works project is starting. May 15, 2024 is the current date for the contractor to begin ground work.

A suggestion for magnets for the town's truck and backhoe to identify this as town equipment was put forward. The clerk will get prices on different size magnets.

Mayor Kearney informed council there was a great turn out for the fire department's dart tournament this past weekend.

The clerk, Fire chief and maintenance department will go have a look at the water tank down the harbour to see if any solution of how to move it can be decided so the fire truck can get to the tank.
